

2.

PUSH HERE for red nighttime assistance light.

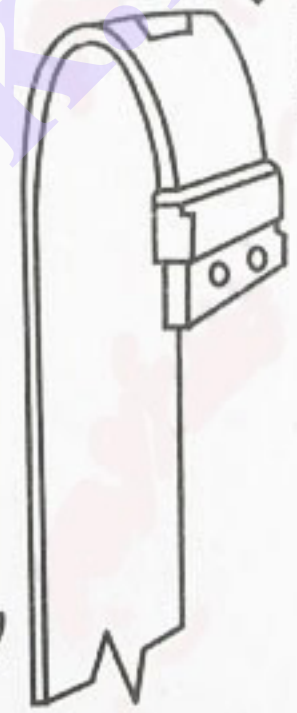

YOU CAN'T HEAR
IT WORKING?
That's OK!

- O=OFF
- I=Male Mosquito
- II=Dragon Fly

Insert clip into slot for wearing with strap.

3. Use a coin to twist the cap open insert one(1)CR 2032 button cell battery(included).

4. Locate the frequency switch on the side of the device:
I: Male mosquito setting
II: Dragon fly setting
O: Power off

Not all mosquitoes are deterred by the same things. Try each setting for 15 minutes or so until satisfactory
